

Table 2.6 (Amended effective January 1, 2013)

EEE Material Category for Reporting Purposes		Phase 1 and 2 Materials Definition	Includes	Excludes
Category	Sub-category			
Printing, Copying and Multi-Function Devices	Desktop and Portable Printing, Copying and Multi-Function Devices	<p>Printing, copying and multi-function devices, utilizing all printing technologies, designed to be handheld or to reside on a work surface and that can print on media with dimensions up to 48" wide.</p> <p>Copiers and/or multi-function devices classified as Segment 1 or Segment 2; Copier and/or multi-function devices that are designed to reside on a work surface that are not classified as Segment 1 or Segment 2.</p> <p>Includes models that are able to utilize an optional floor-stand.</p>	<ul style="list-style-type: none"> <li>• Desktop or portable computer scanners</li> <li>• Desktop printers</li> <li>• Portable PC-free photo printer</li> <li>• Typewriters powered by AC power plug or by internal battery unit</li> <li>• Camera dock printers</li> <li>• Desktop label, barcode, card printers</li> <li>• Point of Sale (POS) receipt printers</li> <li>• Handheld printers such as calculators with printing capabilities or label makers</li> <li>• Desktop multi-function or "all-in-one" devices</li> <li>• Desktop copiers or copy &amp; print devices</li> <li>• Printing, copying, and multifunction devices weighing less than 90 kg</li> <li>• Copier and/or multi-function devices that are designed to reside on a work surface that are classified as Segment 3 or higher.</li> <li>• Models which are able to utilize an optional floor-stand</li> </ul>	<ul style="list-style-type: none"> <li>• Desktop printing devices capable of performing additional non-printing functions such as copying or faxing</li> <li>• Printing devices that are embedded into non-Phase 1 and Phase 2 products, where the printing device is not the primary product</li> <li>• Non-electronic typewriters</li> <li>• Printing devices capable of printing on media with dimensions greater than 48" wide</li> <li>• Printing, copying, and multifunction devices weighing more than 90 kg.</li> </ul>
	Floor-Standing Printing Devices	<p>Printing devices, utilizing all printing technologies that are floor-standing models and that can print on media with dimensions up to 48" wide.</p>	<ul style="list-style-type: none"> <li>• Floor-standing office printers</li> <li>• Floor-standing graphics printers</li> <li>• Floor-standing wide-format printers</li> </ul> <p>Printing, devices that are floor-standing models, weighing greater than 90 kg</p>	<ul style="list-style-type: none"> <li>• Floor-standing printing devices capable of performing additional non-printing functions such as copying or faxing</li> <li>• Printing devices that are embedded into non-Phase 1 and 2 products, where the printing device is not the primary product</li> <li>• Newspaper and industrial printing devices</li> <li>• Printing devices capable of printing on media with dimensions greater than 48" wide</li> <li>• Models which are able to utilize an optional floor-stand</li> </ul>

EEE Material Category for Reporting Purposes		Phase 1 and 2 Materials Definition	Includes	Excludes
Category	Sub-category			
	Floor-Standing Copying Devices	<p>Copier and/or multi-function devices classified as Segment 3, Segment 4 or Segment 5</p> <p>Copier and/or multi-function devices that are floor-standing models that are not classified as Segment 3, Segment 4 or Segment 5.</p>	<ul style="list-style-type: none"> <li>• Floor-standing multi-function or “all-in-one” devices that perform different tasks such as copy, scan, fax, print</li> <li>• Floor-standing copiers</li> <li>• Floor-standing Copy and Print devices</li> <li>• Floor-standing wide-format copiers and/or multi-function devices</li> <li>• Copying, and multifunction devices that are floor-standing models, weighing greater than 90 kg.</li> <li>• Floor standing equipment should only include equipment which is integrated, and which cannot easily be broken down by the end-user for recycling. Floor-standing equipment is not considered one unit under the program if the equipment is comprised of easily-removable sub-components. If the latter is the case, the rack or frame containing the equipment is excluded and the individual sub-components are covered in different categories as individual/multiple units.</li> </ul>	<ul style="list-style-type: none"> <li>• Floor-standing devices that only perform printing functions</li> <li>• Newspaper and industrial copying and/or multi-function devices</li> <li>• Copying and/or multi-function devices capable of printing on media with dimensions greater than 48” wide</li> <li>• Models which are able to utilize an optional floor-stand</li> </ul>
